

Brief CV-Keynote Speaker

Name	Qiubo Ye	Gender	M	
Title (Pro./Dr.)	Chair Prof.	Country	China	
University/Department	Jimei University / School of Information Engineering			
Personal Web Sites	http://ie.jmu.edu.cn/info/1130/25704.htm			
Research Area	Applied Electromagnetics, Antennas, Wireless Communication			
<p>Brief introduction of your research experience:</p> <p>Dr. Qiubo Ye is now a Chair Professor in the School of Information Engineering, Jimei University. He received his Ph.D., Master, and Bachelor degree from the University of Manitoba, Canada, North China Electric Power University, and Hefei University of Technology, China, all in Electrical Engineering. He was research scientist/Project Leader at Communications Research Centre Canada, visiting assistant professor at Rose-Hulman Institute of Technology, USA, and R&D engineer in Zeland Software, Inc., USA, respectively. He was adjunct research professor in Electronics Department, Carleton University, Canada from 2003 - 2018. His research interests include computational electromagnetics, antennas, wave propagation, EMC/EMI. He has published book, book chapter, and more than 70 research papers. He has received Outstanding Engineer award from IEEE Ottawa and other awards for his outstanding performance as chair of IEEE Ottawa AP/MTT chapter. He was involved in organizing several international conferences as Conference Chair, TPC member, Publicity Chair, paper award committee member, etc.</p>
